

American Perfumer and Cosmetics

Index of Volume 85

January-December, 1970

Published by Allured Publishing Company
1031 South Boulevard, Oak Park, Illinois 60302, U.S.A.

A

- Abstracts and talks, 25th Anniversary Meeting, Society of Cosmetic Chemists—July, p. 50
Abstracts of papers, Annual Scientific Meeting, Society of Cosmetic Chemists—January, p. 58
Abstracts of papers, Scientific Section, The Toilet Goods Association—January, p. 52
Abstracts of papers, Sixth Congress, International Federation of Societies of Cosmetic Chemists—September, p. 67
A Clean house makes a clean cosmetic—Anne M. Wolven, May, p. 35
Advances in biology relevant to dermatology—P. Alexander, November, p. 33
Aerosol quality control, a marketer's viewpoint, Cosmetic—R. J. Curtis, June, p. 69
Alcohols as preservatives and germicides—Csilla K. von Fenyes, March, p. 91
Aliphatics are here, (The) Fatty—Paul Z. Bedoukian, Ph.D., February, p. 35
Allergic skin reactions from cosmetic preservatives—William F. Schorr, M.D., March, p. 39
Amino acids, derivatives and perfumery—Danute P. Anonis, August, p. 31
Antimicrobial agents in cosmetics by ultraviolet spectroscopy, Quality control of certain—David N. Parker, October, p. 29
Antimicrobial compositions, Synergistic (U.S. Pat. No. 3,475,540)—October, p. 56
Antimicrobial preservatives for cosmetics, Germall®, a new family of—Philip A. Berke, Ph.D., et al., March, p. 55
Antiseborrheic substances, New—Guy LaPorte, Ph.D., February, p. 47
Aromatic products, Physical foundations in perfumery. X. Equivalent weights of—Louis Appell, October, p. 49
Australian mains water supplies, Bacteriology of—L. Bowen, June, p. 65

B

- Bacteriology of Australian mains water supplies—L. Bowen, June, p. 65
Bath preparations, Review of herbal—Henry Goldschmiedt, Ph.D., November, p. 39
Binary and tertiary systems, Preservative failures in cosmetics with special reference to combatting contamination by *Pseudomonas*, using—E. E. Boehm, et al., March, p. 31
Bitter orange and bergamot growing in Egypt, Study of leaf essential oils of—M. S. Karawya, et al., November, p. 29
Bottle traps and strategies, Plastic—Gilbert D. Miles,

May, p. 47

- (Bronopol), (The) Preservation of protein solutions with 2-bromo-2-nitro-1,3-propanediol—R. F. Chiostri, et al., March, p. 87

C

- Ceremony of incense (The)—Michihisa Katada, June, p. 24
Citrus Oils. II. Orange and grapefruit oils. Spectrofluorometric and ultraviolet comparisons of Florida, California, and Arizona—J. W. Kesterson, et al., October, p. 41
Clean house makes a clean cosmetic (A)—Anne M. Wolven, May, p. 35
Composition of Santalidol, Investigating the—L. A. Kheifits, et al., July, p. 37
Contamination of cosmetics, Some considerations relative to microbial—Joseph C. Olson, Jr., August, p. 43
Contribution to the study of emulsions—F. Lachamp, et al., January, p. 27
Control of emulsion stability through Zeta Potential—Thomas M. Riddick, July, p. 31
Cosmetic aerosol quality control, a marketer's viewpoint—R. J. Curtis, June, p. 69
Cosmetic chemistry in the 'Sixties—Paul G. I. Lauffer, February, p. 27
Cosmetic formulations, Formaldehyde and its donors as preservatives in—W. O. Henley, Jr., Ph.D., et al., March, p. 95
Cosmetic industry in Ireland (The)—Liam St.J. Devlin, October, p. 37
Cosmetic industry. (The) Long term investor looks at the—Thomas P. Snow, January, p. 39
Cosmetic ingredients with 100% ethylene oxide, Microorganism control of—Donald E. Alguire, May, p. 31
Cosmetic legislation, European Economic Community—July, p. 46
Cosmetic manufacturing sanitation—Dr. S. Most, et al., March, p. 67
Cosmetics and cosmetic materials, Pharmacology of—Dr. J. S. Robertson, June, p. 73
Cosmetics and toiletries, Future trends in legislation on—R. M. Dash, June, p. 61
Cosmetics, More on skin respiration and—O. Jacobi, Ph.D., July, p. 25
Cosmetics, Some considerations relative to microbial contamination of—Joseph C. Olson, Jr., August, p. 43
Creativity and its place in perfumery—Harold Larsen, June, p. 31

D

- Deionized water, Production of sterile—A. W. Michal-

Cosmetics, Some considerations relative to microbial contamination of—Joseph C. Olson, Jr., August, p. 43
Creativity and its place in perfumery—Harold Larsen, June, p. 31

D

- Deionized water, Production of sterile—A. W. Michal-

- son, May, p. 37
 Depilatory evaluation, Practical approach to—H. A. Yablonsky, February, p. 41
 Dermatology, Advances in biology relevant to—P. Alexander, November, p. 33
 Design of suntan lotions; some new considerations—Saul I. Kreps, April, p. 37
 Development, an organized approach, Product—Dr. R. W. Killick, June, p. 57
 Dialytic technique, Facile method for determining partition coefficient using—Nagin K. Patel, et al., May, p. 43
 Diene synthesis, (The) Green note and—R. W. Moncrieff, February, p. 53
 Drug stability data, Use of computer tables, print-outs for interpreting and predicting—C. J. Lintner, et al., December, p. 31

E

- Egypt, Essential oils of certain labiaceous plants of—M. S. Karawya, et al., August, p. 23
 Egypt, Study of leaf essential oils of bitter orange and bergamot growing in—M. S. Karawya, et al., November, p. 33
 Emulsion stability through Zeta Potential, Control of—Thomas M. Riddick, July, p. 31
 Emulsions, Contribution to the study of—F. Lachamp, et al., January, p. 27
 Emulsions, Liquid crystals, the formula for—Stig Friberg, et al., December, p. 27
 Emulsions, Microbiological considerations of cosmetic—Carl R. Woodward, Jr., et al., March, p. 73
 Emulsions, Mixed theory of—G. Rimlinger, August, p. 29
 Emulsions, Optical properties of—Milton Kerker, April, p. 43
 Emulsions, (The) Significance of the partition coefficient of a preservative in cosmetic—H. S. Bean, et al., March, p. 61
 Epicutaneous testing for hypersensitivity to adhesive tape—Adalbert Kantner, M.D., November, p. 45
 Equivalent weights of aromatic products. Physical foundations in perfumery. X.—Louis Appell, October, p. 49
 Essential oils and their constituents. V. Oil of Myrtus communis L. (Myrtle)—Brian M. Lawrence, et al., April, p. 53
 Essential Oils, 5th International Congress of, Sao Paulo, Brazil—September, p. 141
 Essential oils of certain labiaceous plants of Egypt—M. S. Karawya, et al., August, p. 23
 Ethylene oxide, Microorganism control of cosmetic ingredients with 100%—Donald E. Alguire, May, p. 31
 European Economic Community cosmetic legislation—July, p. 46
 Evolution of equipment and techniques for industrial ethylene oxide sterilization (The)—D. A. Gunther, March, p. 35

F

- Face powders, Perfume compounds for use in—Joseph Paul Parentini, November, p. 49
 Facile method for determining partition coefficient, using dialytic technique—Nagin K. Patel, et al., May, p. 43
 Fatty aliphatics are here (The)—Paul Z. Bedoukian, Ph.D., February, p. 35
 5th International Congress of Essential Oils, Sao Paulo, Brazil—September, p. 141

- Flavour Industry, International Organization of the—July, p. 49
 Formaldehyde and its donors as preservatives in cosmetic formulations—W. O. Henley, Jr., Ph.D., et al., March, p. 95
 Foundations in perfumery, Physical. X. Equivalent weights of aromatic products—Louis Appell, October, p. 49
 Fragrances of the '60s and through the '70s, Marketing of—A. Stuart Powell, Jr., June, p. 29
 Future trends in legislation on cosmetics and toiletries—R. M. Dash, June, p. 61

G

- Gelation of perfume oils—Dr. Hermann Hoffmann, January, p. 37
 Germall®, a new family of antimicrobial preservatives for cosmetics—Philip A. Berke, Ph.D., et al., March, p. 55
 Germicides, Alcohols as preservatives and—Csilla K. von Fenyess, March, p. 91
 Green note and diene synthesis (The)—R. W. Moncrieff, February, p. 53

H

- Herbal bath preparations, Review of—Henry Goldschmidt, Ph.D., November, p. 39
 Hypersensitivity to adhesive tape, New techniques of epicutaneous testing for—Adalbert Kantner, M.D., November, p. 45

I

- Incense, (The) Ceremony of—Michihisa Katada, June, p. 24
 India, old and new, Perfumes of—Yuri G. Gutsatz, June, p. 43
 Interactions in cosmetic preservation—Doreen L. Wedderburn, March, p. 49
 International Congress of Essential Oils, Sao Paulo, Brazil, 5th—September, p. 141
 International Federation of Societies of Cosmetic Chemists, Sixth Congress, Barcelona, Spain—September, p. 45; December, p. 46
 International Federation of Societies of Cosmetic Chemists Praesidium, and Council Meetings Reports—May, p. 52; December, p. 51
 International, Latin America and Mexico, Perfumery—Stanley Kogan, June, p. 39
 International Organization of the Flavour Industry—July, p. 49
 International perfumery, Proceeding from national to—Dr. W. Eicke, June, p. 27
 Investigating the composition of Santalodyol—L. A. Kheifits, et al., July, p. 37
 Ireland, (The) Cosmetic industry in—Liam St.J. Devlin, October, p. 37
 Irradiation of water, Ultraviolet—Stanley W. Olson, March, p. 97
 Isoprene, Synthetic terpene chemicals from—Walter C. Meuly, September, p. 123

L

- Labiaceous plants of Egypt, Essential oils of certain—M. S. Karawya, et al., August, p. 23
 Leaf essential oils of bitter orange and bergamot growing in Egypt, Study of—M. S. Karawya, et al., November, p. 29
 Lecithin, recent developments in the preparation and application of phospholipids, with special reference to YN—Bernard W. Minifie, August, p. 37

- Legislation, European Economic Community Cosmetic—July, p. 46
 Legislation on cosmetics and toiletries, Future trends in—R. M. Dash, June, p. 61
 Liquid crystals, the formula for emulsions—Stig Friberg, et al., December, p. 27
 (The) Long term investor looks at the cosmetic industry—Thomas P. Snow, January, p. 39

M

- Macrocyclic musks through new chemical process—Dr. Paul R. Story, September, p. 121
 Marketing of fragrances of the '60s and through the '70s—A. Stuart Powell, Jr., June, p. 29
 Microbial contamination of cosmetics, Some considerations relative to—Joseph C. Olson, Jr., August, p. 43
 Microbiological considerations of cosmetic emulsions—Carl R. Woodward, Jr., et al., March, p. 73
 Microorganism control of cosmetic ingredients with 100% ethylene oxide—Donald E. Alguire, May, p. 31
 Mixed theory of emulsions—G. Rimlinger, August, p. 29
 More on skin respiration and cosmetics—O. Jacobi, Ph.D., July, p. 25
 Myrtus communis L. (Myrtle), Essential oils and their constituents. V. Oil of—Brian M. Lawrence, et al., April, p. 53

N

- National to international perfumery, Proceeding from—Dr. W. Eicke, June, p. 27
 New antiseborrheic substances—Guy LaPorte, Ph.D., February, p. 47
 New techniques of epicutaneous testing for hypersensitivity to adhesive tape—Adalbert Kantner, M.D., November, p. 45

O

- 100% Ethylene oxide, Microorganism control of cosmetic ingredients using—Donald E. Alguire, May, p. 31
 Optical properties of emulsions—Milton Kerker, April, p. 43

P

- Partition coefficient, using dialytic technique, Facile method for determining—Nagin K. Patel, et al., May, p. 43
 Perfume compounds for use in face powders—Joseph Paul Parentini, Ph.D., November, p. 49
 Perfume oils, Gelation of—Dr. Hermann Hoffmann, January, p. 37
 Perfumers, Research and—Dr. Roger Firmenich, June, p. 50
 Perfumery, Amino acids, derivatives and—Danute P. Anonis, August, p. 31
 Perfumery, Creativity and its place in—Harold Larsen, June, p. 31
 Perfumery international, Latin America and Mexico—Stanley Kogan, June, p. 39
 Perfumes of India, old and new—Yuri G. Gutsatz, June, p. 43
 PEV system, Plant Housekeeping, working within the—Robert A. Turner, Ph.D., May, p. 25
 Pharmacology of cosmetics and cosmetic materials—Dr. J. S. Robertson, June, p. 73
 Phenylmercuric compounds as preservatives for cosmetics—Dr. W. Eckardt, March, p. 83
 Phospholipids, with special reference to YN. Lecithin, recent developments in the preparation and application of—Bernard W. Minifie, August, p. 37

- Physical foundations in perfumery. X. Equivalent weights of aromatic products—Louis Appell, October, p. 49

- Plant housekeeping, working within the PEV system—Robert A. Turner, Ph.D., May, p. 25
 Plastic bottle traps and strategies—Gilbert D. Miles, May, p. 47
 Practical approach to depilatory evaluation—H. A. Yablonsky, February, p. 41
 Preservation, Interactions in cosmetic—Doreen L. Wedderburn, March, p. 49
 Preservation of protein solutions with 2-bromo-2-nitro-1,3-propanediol (Bronopol), (The)—R. F. Chiostri, et al., March, p. 87
 Preservative failures in cosmetics with special reference to combatting contamination by Pseudomonas, using binary and tertiary systems—E. E. Boehm, et al., March, p. 31
 Preservative in cosmetic emulsions, (The) Significance of the partition coefficient of a—H. S. Bean, et al., March, p. 61
 Preservatives, Allergic skin reactions from cosmetic—William F. Schorr, M.D., March, p. 39
 Preservatives and germicides, Alcohols as—Csilla K. von Fenyes, March, p. 91
 Preservatives for cosmetics, Germall®, a new family of antimicrobial—Philip A. Berke, Ph.D., et al., March, p. 55
 Preservatives in cosmetic formulations, Formaldehyde and its donors as—W. O. Henley, Jr., Ph.D., et al., March, p. 95
 Proceeding from national to international perfumery—Dr. W. Eicke, June, p. 27
 Product development, an organized approach—Dr. R. W. Killick, June, p. 57
 Production of paprika oleoresin—P. Szabo, December, p. 39
 Production of sterile deionized water—A. W. Michelson, May, p. 37
 Progress in perfumery materials—Paul Z. Bedoukian, Ph.D., April, p. 25
 Proteins, then and now—R. Richard Riso, September, p. 129

Q

- Quality control, a marketer's viewpoint, Cosmetic aerosol—R. J. Curtis, June, p. 69
 Quality control of certain antimicrobial agents in cosmetics by ultraviolet spectroscopy—David N. Parker, October, p. 29

R

- Reactions from cosmetic preservatives, Allergic skin—William F. Schorr, M.D., March, p. 39
 Research and perfumers—Dr. Roger Firmenich, June, p. 50
 Research Institute for Fragrance Materials, Inc.—November, p. 37
 Review of herbal bath preparations—Henry Goldschmiedt, Ph.D., November, p. 39
 Rheological evaluation of semi-solid materials—Stanley S. Davis, January, p. 45

S

- Sanitation, Cosmetic manufacturing—Dr. S. Most, et al., March, p. 67
 Santalodyol, Investigating the composition of—L. A. Kheifits, et al., July, p. 37
 S.C.C., Abstracts of papers and talks, 25th Anniversary Meeting—July, p. 50

S.C.C. Annual Scientific Meeting, Abstracts of papers—January, p. 58
 Scientific activities of the Toilet Goods Association, 1969-1970—Murray Berdick, April, p. 57
 Semi-solid materials, Rheological evaluation of—Stanley S. Davis, January, p. 45
 Significance of the partition coefficient of a preservative in cosmetic emulsions (The)—H. S. Bean, et al., March, p. 61
 Sixth Congress, International Federation of Societies of Cosmetic Chemists, Barcelona, Spain—September, p. 45; December, p. 46
 Skin respiration and cosmetics, More on—O. Jacobi, Ph.D., July, p. 25
 Some considerations relative to microbial contamination of cosmetics—Joseph C. Olson, Jr., August, p. 43
 Sorbic acid—R. Woodford, et al., March, p. 25
 Spectrofluorometric and ultraviolet comparisons of Florida, California, and Arizona citrus oils. II. Orange and grapefruit oils—J. W. Kesterson, et al., October, p. 41
 Stability data, Use of computer tables, print-outs for interpreting and predicting drug—C. J. Lintner, et al., December, p. 31
 Sterile deionized water, Production of—A. W. Michalson, May, p. 37
 Sterilization, (The) Evolution of equipment and techniques for industrial ethylene oxide—D. A. Gunther, March, p. 35
 Study of leaf essential oils of bitter orange and bergamot growing in Egypt—M. S. Karawya, et al., November, p. 29
 Suntan lotions, some new considerations, Design of—Saul I. Kreps, April, p. 37
 Synergistic antimicrobial compositions (U.S. Pat. No. 3,475,540)—October, p. 56
 Synthetic terpene chemicals from isoprene—Walter C. Meuly, September, p. 123

T

Terpene chemicals from isoprene, Synthetic—Walter C. Meuly, September, p. 123
 Tertiary systems, Preservative failures in cosmetics with special reference to combatting contamination by *Pseudomonas*, using binary and—E. E. Boehm, et al., March, p. 31
 The Ceremony of incense—Michihisa Katada, June, p. 24
 The Cosmetic industry in Ireland—Liam St. J. Devlin, October, p. 37

The Evolution of equipment and techniques for industrial ethylene oxide sterilization—D. A. Gunther, March, p. 35
 The Fatty aliphatics are here—Paul Z. Bedoukian, Ph. D., February, p. 35
 The Green note and diene synthesis—R. W. Moncrieff, February, p. 53
 The Long term investor looks at the cosmetic industry—Thomas P. Snow, January, p. 39
 The Preservation of protein solutions with 2-bromo-2-nitro-1,3-propanediol (Bronopol)—R. F. Chiostrri, et al., March, p. 87
 The Significance of the partition coefficient of a preservative in cosmetic emulsions—H. S. Bean, et al., March, p. 61
 The T.G.A. Scientific Section, Abstracts of papers—January, p. 52
 The Toilet Goods Association, 1969-1970, Scientific activities of—Murray Berdick, April, p. 57
 Trends in legislation on cosmetics and toiletries, Future—R. M. Dash, June, p. 61

U

Ultraviolet comparisons of Florida, California, and Arizona citrus oils, Spectrofluorometric and. X. Orange and grapefruit oils—J. W. Kesterson, et al., October, p. 41
 Ultraviolet irradiation of water—Stanley W. Olson, March, p. 97
 Ultraviolet spectroscopy, Quality control of certain antimicrobial agents in cosmetics by—David N. Parker, October, p. 29
 Use of computer tables, print-outs for interpreting and predicting drug stability data—C. J. Lintner, et al., December, p. 31

W

Water supplies, Bacteriology of Australian mains—L. Bowen, June, p. 65
 Water, Ultraviolet irradiation of—Stanley W. Olson, March, p. 97

Y

YN, Lecithin, recent developments in the preparation and application of phospholipids, with special reference to—Bernard W. Minifie, August, p. 37

Z

Zeta Potential, Control of emulsion stability through—Thomas M. Riddick, July, p. 31
